Subject: Conversation with Melvin, Karen, Pratt, Stacie, Rick Rogers

Melvin, Karen 2:46 PM:

Steve, do you have everything you need to be able to evaluate what they are proposing in accordance with the Policy?

Rick Rogers 2:47 PM:

I just added Steve

Rick Rogers 2:47 PM:

Ex. 5 Deliberative Process (DP)

Rick Rogers 2:54 PM:

We can look into it. I'm not sure how that would work with the uncertainty of PUC regulatory oversight of costs, but we can look into it.

Maslowski, Steven 2:54 PM:

47 years sets a bad trend nation wide. If we give them 47 years every CSO system in the country want to extend its deadline

Melvin, Karen 2:54 PM:

Let's not worry about the schedule at this point.

Pratt, Stacie 3:02 PM:

Steve - With timeline aside, do you like what you are hearing in terms of the plan?

Maslowski, Steven 3:03 PM:

It ok, the adaptive management has to to have an end goal like 85% capture and an inpletation schedule.

Pratt, Stacie 3:04 PM:

what does adaptive mangement mean? They have flexiblity in their work?

Pratt, Stacie 3:06 PM:

did I miss - anything about prioirty projects?

Maslowski, Steven 3:07 PM:

they did not provide any information

Maslowski, Steven 3:10 PM:

thank you for asking that question about the projects

Pratt, Stacie 3:15 PM:

wouldn't we want a whole new plan, with the priority projects?

Rick Rogers 3:16 PM:

I think we need that, particularly if they are proposing a far longer period of time

Melvin, Karen 3:16 PM:

Maybe. There may be other things to consider here

Pratt, Stacie 3:17 PM:

if you all are still on, how do you want us to proceed on this?

Maslowski, Steven 3:17 PM:

maybe. What bothers me is that thye gave us a plan in 2018 that got CRW to 80% capture in 20 years and now its going to take an additional 27 years to get 5% more

Rick Rogers 3:17 PM:

We've already gone on written record as to what parts of this plan need a lot more detail.

Maslowski, Steven 3:18 PM:

During fthe last call on June 23 CRW said they will need 25 years and that is acceptable, but now they want 47 years.

Rick Rogers 3:19 PM:

Lets set up an internal meeting with you, me and Steve. Once we are ready after digesting this new information, we can set up a meeting with PADEP. We can prepare a proposed response and plan moving forward for Karen

Pratt, Stacie 3:19 PM:

sounds good. Steve - Can you please schedule something for early next week?

Rick Rogers 3:19 PM:

We'll need to tie in OECA, ORC and DOJ, too, I think

Maslowski, Steven 3:20 PM:

I just got a text from Victor and he wants to talk on Monday.

Rick Rogers 3:22 PM:

Well, lets get on the same page with Victor and Maria while the iron is hot.

Melvin, Karen 3:22 PM:

Sounds good. Jen wants us to talk on Monday too.

Maslowski, Steven 3:29 PM:

I have a call with ORC, DOJ, and OECA at 5 pm. I have to take a water ice break after that call.
